

## Fantasy X – Country 2015/16

### **Press Release!**

As Fantasy Cross Country Fever grips the country FL HQ has been inundated with requests, from aspiring athletics pundits who missed out on the original entry, to open the lists again. We have looked at this and it is hard to see how this could be made equally fair for existing managers and new entrants.

However, it has been decided to inaugurate a new competition as follows:

A: You may now purchase a share in an existing team for £1. A List of all the teams, team members and their current scores will be published to allow detailed analysis and clever selection. This will not affect the Team Manager's right to collect full winnings at the end of the season! Half of the proceeds from sale of these **Team Shares** will form a separate prize fund to be distributed to any shareholders of the winning team in proportion to their respective shareholdings. If you are super confident that you have identified the likely winner you can buy more than one share in that team. You can also buy a share in a number of teams if you want to diversify your risk. There will be separate competitions for 'A' teams (each age group present) and 'B' teams (any combination, as denoted by a \* in the league tables), with separate prize pots.

B: You may also purchase a share in any athlete for £1. A List of all athletes who have either raced so far or have been identified as likely to race and their current scores and averages will be published to allow detailed analysis and clever selection. Half of the proceeds from the sale of these **Athlete Shares** will form a separate prize fund to be distributed to any shareholders in the athlete with the Highest Average Points Score for the season (points per million). Again you can invest heavily in one athlete or diversify your risk. You can also back yourself to provide an added incentive to race. There will be separate competitions for £1M athletes and athletes named on the FXC sheet (ie. >£1M), with separate prize pots.

In summary, 4 COMPETITIONS:

**Another chance to get involved!**

- A1 – Team Shares Competition for best 'A' Team
- A2 – Team Shares Competition for best 'any combination' Team (marked with \* in league tables)
- B1 – Athlete Shares Competition for best value for money athlete overall
- B2 – Athlete Shares Competition for best value for money athlete >£1M
